

invIOs stands for innovative immuno-oncology (IO). We are a privately held biotech company based in Vienna, Austria, developing novel therapies for cancer. The opportunity to make a major impact on patients' lives with our next-generation technologies and personalized treatments keeps us motivated every day. Working at invIOs, you can help crack some of the toughest challenges in cancer care.

To strengthen our External Manufacturing Team we are searching for a

## **(Senior) CMC Operations Manager (m/w/x)**

The CMC Operations Manager is responsible for the management and oversight of Contract Manufacturing Organizations and Contract Analytical Laboratories in support of clinical development of autologous cell therapies for the treatment of cancer.

### **Responsibilities:**

- Keeps oversight of established Contract Manufacturing Organizations, Contract Analytical Laboratories and material and service suppliers
- Transfers process technology and analytical methods from internal development to CMOs and between CMOs
- Owns/authors/reviews invIOs technical documents (reports, rationales, protocols)
- Reviews and approves documents from CMOs
- Monitors successful process implementation and develops continuous improvement programs
- Assesses and selects suitable CMOs and suppliers and supports their qualification
- Supports the Regulatory and Clinical departments in regulatory filings and responses to CMC-related questions
- Supports the Legal department in negotiating supplier contracts
- Supports the budgeting process

### **Your Profile:**

- Candidate must have a university degree with life science focus
- Minimum five years practical work experience in GMP-regulated (bio)pharmaceutical Manufacturing, Quality Control, Quality Assurance, or Regulatory Affairs
- Experience in efficiently managing external collaborators

- Strong interpersonal skills, ability to work in multidisciplinary teams in fast-paced environment
- Hands-on approach, self-starter
- Proficiency in German and English
- Experience and knowledge in the field of ATMPs would be an asset
- Working Permit in Austria

**We offer:**

- To be part of a successful and growing company
- Self-responsible and autonomous work environment
- Exciting projects
- Flexible working time
- Sodexo voucher

For the position we offer at least an annual gross salary of EUR 65.000,00. The actual remuneration package will be based on your professional experience, qualification, and skills. Increased pay is possible.

If you would like to work in a young, dynamic and international environment, want to help shape your own areas of responsibility and grow along with an exciting company, please send your application including your CV and letter of motivation to [jobs@invios.com](mailto:jobs@invios.com).
